

Rafael Medina · Senior Product Designer

hellorafaelmedina@gmail.com

+1 (829) 786 9580 · NYC / Santo Domingo

WORK

Stealth fintech (Remote)

2026 - Present

Co-founder

- Building a mobile wallet for colmados, helping neighborhood store owners in the Dominican Republic manage payments and day-to-day finances from their phones.

0x Project (Remote, SF)

Dec 2021 - March 2026

Senior Product Designer

- Redesigned Matcha.xyz DEX aggregator from scratch, introducing monetization flows that generated sustainable revenue.
- Designed and shipped the 0x API dashboard in 5 weeks; directly contributed to scaling API revenue to \$100K+/month.
- Led marketing design strategy for 12 months: campaigns, video content, and web experiences that increased developer adoption.

BoldVoice (Remote, NYC)

July 2021 - December 2021

Product Designer (Contract)

- Sole designer for an accent-training mobile app with 50K+ users; partnered directly with a single developer to ship growth experiments.
- Prioritized high-ROI feature improvements over a full redesign, maximizing impact with limited resources.

Moody's (Remote, NYC)

Jan 2021 - July 2021

Product Designer (Contract)

- Redesigned financial-analysis tools for institutional analysts, improving data discovery and workflow efficiency.
- Shaped UX for company profiles and government entity features used by thousands of financial professionals.

TM [Chainlink & Twilio] (Remote, Los Angeles)

Dec 2018 - Dec 2020

Product Designer & Frontend Developer

- Chainlink: collaborated with the Design Director on internal tools and the brand system for a leading blockchain oracle network.
- Twilio: led a complete redesign of the developer tools platform; conducted user interviews and UX research to inform decisions.
- Onit: rebuilt the drag-and-drop logic builder with React, improving usability for legal workflow automation.

Incubeta [Google] (Remote, NYC)

Jan 2018 - May 2018

Product Designer & Developer (Contract)

- Designed Google Edu Directory (edudirectory.withgoogle.com), connecting schools globally with certified Google trainers.

EDUCATION

CCI Program - NOVA Community College (Washington, DC)

Computer Science · 2016 - 2018

U.S. State Dept. scholarship recipient (1 of 5 from the Dominican Republic).

ITLA - Las Américas Institute of Technology (Dominican Republic)

Associate's, Computer Science · 2015

GPA 3.8, Full Scholarship.

SKILLS

Design

Web3/DeFi products · Figma · Prototyping · Web/Mobile · Animation with Jitter, Rive

Development

TypeScript, React · Webflow, Framer · AI-assisted development (Cursor, Claude Code, Codex)
