2026 – Present
Freelance · Remote
Product Designer

- End-to-end product design for startups, from the first user interview to the shipped screen.

Dec 2021 – March 2026
0x Project · Remote, SF
Senior Product Designer

- Redesigned Matcha.xyz from scratch, adding monetization flows that generated revenue.
- Shipped the 0x API dashboard in 5 weeks; helped scale API revenue to $100K+/month.
- Led marketing design for a year: campaigns, video, and web that grew adoption.

July 2021 – Dec 2021
BoldVoice · Remote, NYC
Product Designer (Contract)

- Sole designer for an accent-training app with 50K+ users, pairing with one developer.
- Prioritized high-ROI improvements over a full redesign to maximize impact.

Jan 2021 – July 2021
Moody's · Remote, NYC
Product Designer (Contract)

- Redesigned financial-analysis tools for institutional analysts, improving data discovery.
- Shaped UX for company profiles and government entities used by thousands of analysts.

Dec 2018 – Dec 2020
TM (Chainlink & Twilio) · Remote, Los Angeles
Product Designer & Frontend Developer

- Chainlink: partnered with the Design Director on internal tools and the brand system.
- Twilio: led a full redesign of the developer tools platform, grounded in user interviews.
- Onit: rebuilt the logic builder in React. Design engineering, before AI took over.

Jan 2018 – May 2018
Incubeta (Google) · Remote, NYC
Product Designer & Developer (Contract)

- Designed Google Edu Directory, connecting schools with certified Google trainers.
